

Neurobiology of Digestion: Cells, Circuits and Immunity

TUESDAY, JUNE 7, 2022

8:30 AM TO 4:30 PM (EDT)

Folkman Auditorium, Boston Children's Hospital

9:00 Welcome and Introduction

Sensory-Motor Regulation of Gut Functions

9:15 **Irene Miguel Aliaga, PhD**, Imperial College London

9:45 **Amber Alhadeff, PhD**, Monell Chemical Senses Center & Univ. of Pennsylvania

10:15 **Trainee Talk** to be selected from abstracts

Coffee Break

10:45 **Brad Lowell MD, PhD**, Harvard Medical School (BIDMC), HHMI Investigator

11:15 **Michelle Southard-Smith, PhD**, Vanderbilt University Medical Center

Neuroimmune Interactions in the Digestive Tract

1:30 **Sarkis Mazmanian, PhD**, California Institute of Technology

2:00 **Vijay Kuchroo, PhD**, Harvard Medical School (BWH)

2:30 **Trainee Talk** to be selected from abstracts

Coffee Break

3:00 **Milena Bogunovic, MD, PhD**, University of Massachusetts Chan Medical School

3:30 **Ruslan Medzhitov, PhD**, Yale University, HHMI Investigator

4:00 **Closing Remarks** – Wayne Lencer, MD – HDDC Director, BCH/HMS

Scientific Hosts:

Stephen Liberles, PhD, Professor of Cell Biology, Harvard Medical School, Investigator, HHMI

Isaac Chiu, PhD, Associate Professor of Immunology, Harvard Medical School

Meenakshi Rao, MD, PhD, Assistant Professor of Pediatrics, Harvard Medical School

Register for this event https://hddc.hms.harvard.edu/os_events/nojs/registration/1550546

**Attendees not up-to-date on their vaccine series must remain masked and eat 6 ft away from others.*

Virtual Attendance: https://bostonchildrens.zoom.us/webinar/register/WN_LpdW9eoYQOaFMcmRzo6XlW
